Mike – I've already asked Parker to do extra patrols around Mavity's house at her request.

Please do so for the other councilmembers as well.

Also – I'm a bit concerned about the 4th of July event. Seems like an opportunity for someone to do some kind of protest

We will continue to monitor the social media. Please let us know if any of the Council receive specific threats and we will investigate and provide extra patrols if necessary or requested.

I'm not going to decide what their comfort level is around this. I just want to make sure that people are thinking about it because I have had at least two or three friends ask me about whether not I have a security detail at my house.

If you feel it would be appropriate to ask our officers to provide extra patrols around Council members home let me know. And I will get them on it.

Tom/Chief-

I'm not forwarding you a bunch of emails I'm getting however when someone says "I'm not a racist", usually what follows is pretty racist. In that spirit, someone who says they're not threatening me/us... plus their quoting an assassin. Now if I thought Al was serious he wouldn't put his name on the email or even email us at all but it's a reminder that while I don't want to be alarmist, the tone and language of some of the communication I'm getting leads me to say please be careful.

Please convey check in with the council here to make sure they're thinking about this. I'm particularly concerned about Anne, Rachel, and Tim since they were featured in the stories.

Pledge of Allegiance;
America is divided irreconcilably more each day. The forces of divide emanate from far Left politicians, the media, elitist and morally corrupt celebrities. The act of "inclusiveness" by the St. Louis Park City Council to UNANIMOUSLY vote to end the time honored tradition of our collective respect for this country by not reciting the Pledge of Allegiance in deference to non-Americans and non-citizens widens that divide even further polarizing patriotic Americans against the scourge of Communist, America hating lowlifes. You and your City Council have lost objectivity and your critical thinking

skills for not considering that non-citizens who attend your council meeting don't have to pledge any allegiance to America but only respectfully stand while others do voluntarily recite the Pledge that Allegiance. Further, it is the Patriot-American loving taxpayer who provides the service of fixing that road in front of that non-citizen's home you worry about. I predict one day, you scumbags will ignite a shooting civil war that will make the one in the 1860's look like a school yard dust up. But American Patriots will prevail and you sons of bitches will be swept forever from having power in this country. No threat, just the logical conclusion of where this is headed and how it will end. There'll be no more capitulation or civility by Conservative Patriots in demonstrating our disgust for you bastards. 60 years of Communist dominated Indoctrination masquerading as "Progressiveness" will come to an end. I wish nothing well for you scumbags. Sic Semper Tyrannis!
