The city is completely united in it's attempt to get Trump to pay, it's not just Mayor it's the city Council too. I'm not sure what's going to happen I don't think anyone knows. I have two events Thursday night so I likely will not be downtown at the rally but I'm looking forward to a big crowd. Have fun and stay safe!

Lisa,

I give Mayor Frey a lot of credit. Trump has ripped off many cities, and it is good to see someone stand up to him. I expect the Mayor got support from the City Council. If Trump files a suit against the City, and if the City Attorney's office needs some extra legal help, I can probably find some volunteers on short notice.

I don't know if there is some protocol for you attending a rally, but if you can you are certainly welcome. A couple of people have given me a positive response. Some are out of town. I may order pizzas because it may be hard to get something to eat during the rally.

Regards,
David
