**Subject:** October 10 event

Jeff,

Thanks so much for taking the time earlier to talk thru the issues surrounding the Oct. 10 presidential event scheduled for the Target Center.

We completely understand the City's position that it cannot cover the police and other emergency services expenses. As the Target Center can neither pay nor advance these expenses either (as it would constitute a campaign contribution), we will inform the campaign. Presuming they maintain that they cannot cover the expenses, we will be left with the option of cancelling the event.

We will certainly keep you in the loop as the conversations unfold.

I have copied our team who has been working on this in order to keep everyone current on the conversations.

Thanks again Jeff.

Best,

Chuck
