Thanks Lindy - Just do not want to step on your toes, at all! I certainly will not reference any of them.

Hi Dan,

We will work on these questions and I will respond to you as soon as I can.

Anne has been sharing her thoughts with councilmembers and the current mayor and I know she plans to continue that now that she's "just" a constituent. It is fine with me if you share your thoughts with Anne and Ellen. I am not sure what Ellen would say/if she would speak up at this point. Mark Sather is part of the "People for Purple Line" group (that may not be the totally correct name). He's been vocal for the project, acted appropriately and kept me in the loop. He understands the position I am in and understands that he can share his thoughts as an expert and constituent.

Thank you,

Lindy,

Please see attached for my comments regarding the Resolution opposing the Purple Line. I've tried to organize my thoughts and arguments as best I can in a short time today. I'm looking for supportive arguments against the resolution and most likely will be providing this to Anne Kane,
